

KLASSIC STATEMENT PRINTABLE RING SIZER

For your convenience, we have created a free, printable ring sizer to help you select the correct ring size. Print and cut around the edges of the measuring device, then make a small cut where the A is indicated on the measuring tool.

Here is a measurement chart to assist you in your selection.

Ring Size	Circumference
9	59.5MM
10	62.1MM
11	64.6MM
12	67.2MM
13	67.7MM

If you are between sizes, opt for the larger size

Here are some helpful tips when measuring your finger and determining your ring size.

- Make sure your hands are warm when fitting for your ring size.
- Adjust the sizer for a comfortable fit and make sure it is not too tight.
- The sizer should be able to slide over your knuckle.
- The size indicated on the sizer is your ring size.
- Take into consideration the finger you intend to wear the ring on when measuring.
- If you use a piece of paper or string, measure them in millimeters against a ruler and find your size in the ring chart.
