Beaded and Leather Bracelets

Some bracelets are 'one size fits all' - these are designed to fit all wrists from 7.5" – 10".

Find Your Size in 3 Easy Steps

1. Wrap a strip of paper or a piece of string around your wrist, just below the wrist bone.
2. With a pen, mark the point where the two ends meet.
3. Measure the paper against a ruler in inches and compare it to the chart above.

Printable Bracelet Ruler

Rather not use string? Print our 12" Ruler, cut out the strip and wrap it around your wrist to read your size.

CHAINS & PENDANT SIZER GUIDE

Length is the first decision when buying a chain. Before the link style, before the metal, before the width, what decides how the whole piece wears are how long it is and where it sits.

LENGTH	CENTIMETERS	WHERE IT SITS
20"	50.8cm	Just below the collarbone. Everyday default look.
22"	55.8cm	Near the upper chest.
24"	60.96cm	Lower chest. Shows long on build under 6ft.
26"	66.04cm	Long and near sternum.

Most men wear 22" or 24". However, your selection is based on your height, styling requirements.
